No. 1172.—Borrowing loans usually come to the notice of Government in which municipal councils have sustained losses on account of the failure of the contractors and of houses of mortgage and straight-forward in fulfilling their contracts. The loans would not be recovered, the contractors being gone. They had, therefore, to be written off. Local boards and municipal councils are interested in seeing full inquiries and satisfy themselves about the solvency of contractors and houses before entering into any contract with them. Government will desire to caution writers off of such borrowings in future if they are observed on account of failure to make sufficient inquiry about the solvency of the contractors and houses.

Port St. George, November 15, 1924 (G.O. No. 2225, L. & M.).

Part II, Chapter, Number 15, 1914 (P. O. No. 5184, L. 3, 1914).

No. 1474.—In paragraphs 2 and 3 of P. O. No. 413, L. & M., dated the 4th March 1911, it was ordered that—

(1) Superintending Engineers of Circles should inspect the trunk roads within their jurisdiction at least once a year.

(2) Executive Engineers should inspect the trunk roads in their divisions not less than twice a year and submit their respective Superintending Engineers every quarter reports on the condition of the roads inspected by them during the quarter.

(3) All the trunk roads in each District should be inspected either by the Superintending Engineer or the Executive Engineer once during the collection season and again after spreading.

1. From the date of the above Government Order the number of the Public Works Department Circular has been reduced and the work done by seven Superintending Engineers has now been devolved between five. The total mileage of trunk roads under the jurisdiction of each Superintending Engineer has thus been increased. Further as the regular Public Works Department work of Executive Engineers and Superintending Engineers has also been increased owing to retrenchment, it has been found impossible for them to do the several inspections detailed in the Government Order.

2. The interests of Government will be sufficiently safeguarded if the materials collected for the trunk roads are good and the roadsides are properly done. They therefore consider that no complaint registered by Executive Engineers just after the collection of materials and another by Superintending Engineers so early as possible about the end of the working season will suffice in future.

Part II, Chapter, November 25, 1904

NO. 1573.—The following draft of the revised rules to regulate and provide building and the use of sites for building in the City of Madras which the Local Government proposes to issue under sections 250 and 247 (1) of the Madras City Municipal Act, 1903, is hereby published as required by clause (a) of section 543 of the said Act for the information of persons likely to be affected thereby. Notice is hereby given that the said draft will be further presented with an copy of aia waika from the date of publication of this notice:—

DRAFT REVISED RULES FOR BUILDING SITES.

No piece of land shall be used as a site for the construction of a building:—

1. If the Commissioner considers that the site is insanitary or that it is dangerous to construct a building on it; Condition as to use of building site

2. If the building is to abut on a street, unless the site is of such a shape that the front of the building can be made parallel to the line of the street, or so nearly parallel to the said line as the Commissioner may allow; Abutting of street of open space.

3. If the site is within thirty feet of a tank, unless the owner satisfies the Commissioner that he will take such measures as will prevent any risk of the domestic drainage of the building passing into the tank, and; From water tanks.

4. If the construction of the building threatens for public works which in the opinion of the Council will wound the religious feelings of any class of persons in the vicinity thereof.

Any person aggrieved by the decision of the Council may, within a month of the communication to him of such decision appeal against it to the Local Government who may pass such orders as they may deem fit.

5. If the building to be constructed is a public building, a dwelling house or a hotel:—

(a) Unless the site is certified by the Engineer to be dry and well-drained so as to be capable of being well-drained, and

(b) If the site is a filled-up tank or has been filled up with or used for depositing rubbish, the owner must obtain the sanction of the Health Officer before commencing the site and grouting a foundation to the effect that it is, from a sanitary point of view, fit to be built upon.

DRAFT REVISED BUILDING RULES.

PART I.—BUILDING CONSTRUCTION.

6. The ground floor of every building constructed or reconstructed from the ground level shall be equipped and placed at such level as will admit of; Level of floor.

(a) the construction of a drain sufficient for the effective drainage of the building into some public drain or sewer at the level coming or proposed, and

(b) the provision of the requisite communication with some sewer into which the drainage of the building may lawfully be discharged, at a point in the upper half of such sewer or other drainage system into which its drainage may lawfully be discharged.

7. The distance between the building line and the street alignment shall not be less than four feet. Distance between building line and street alignment.

PART II.—BUILDING WORKS THAT ARE GENERAL.

8. (1) Unless the Commissioner sanctions otherwise:—

(a) the foundation of a building shall rest on natural ground;

(b) the spread of the foundation shall be such that the pressure on the soil, taking into account the load as the floor and terrace roof (if any) referred to in rule 24 and 15 shall not be greater than one ton on the square foot;

(c) The levels of the foundation must be such as the Commissioner may consider satisfactory. Thickness between building line and street alignment.

9. The plinth of buildings other than stables and cow-sheds shall be at least two feet above the level of the centre of the nearest street. The plinth of stables and cow-sheds shall at least be one foot above such level. Plinth.

10. Except in cases where permission has been obtained from the Commissioner, the outer walls of a building shall be constructed of brick or some other hard and non-absorbent substance. Outer walls.

11. All walls of a building must be properly bonded.

12. (1) If a masonry building exceeds one storey in height:—

(a) every wall must be solidly put together with mortar composed of good cement and sand or other suitable material, or

(b) mortar composed of good lime and sand or other suitable material, and

(c) the proportion of the materials forming such mortar must be such as are approved by the Commissioner;

(d) no part of any wall, other than a corner or dwelling shall encroach any part of a wall underneath it; and

(e) every wall shall be of such thickness as the Commissioner may consider necessary to ensure safety, regard being had to the height of the building, the materials of which it is constructed and the purposes for which it is intended to be used.

(2) Nothing contained in sub-rule (1) shall prevent the placing of a second storey upon a building constructed before the coming into force of these rules the walls of which are certified by the Engineer to the Corporation to be fit to bear the load proposed to be put upon them.

13. (1) Every wall of a masonry building constructed on a site which is liable to flooding shall have at the level of the ground floor a damp-proof course consisting of Chundakul shal laid in cement.

- Floors.** 14. The floor of every building must be constructed to bear safely the maximum load to be carried, the stress for live load not being less than 20 lb. on the square foot.
- Roofs and gables.** 15. (1) All beams and girders in a building must be supported by a breadth of brick work, stone or other solid substance sufficient to ensure their stability.
(2) The bearing of a beam or girder on a wall shall not, without the sanction of the Commissioner, be less than three-fourths of the thickness of the wall.
- Throats and chimneys.** 16. Throat and chimney must be constructed to withstand such load, not less than forty pounds on the square foot, in addition to their own weight, as may be specified by an order of the Commissioner.

PART III.—DWELLING HOUSES AND OTHER DOMESTIC BUILDINGS.

Minimum height of buildings. 17. (1) Except with the written permission of the Commissioner, no building shall be erected or added to a greater height than sixty feet as measured from the level of the centre of the street in front.

(a) In the case of a pitched roof up to the tie beam of the roof.

(b) In the case of flat roof, up to the surface of the roof.

(2) In the case of a pitched roof, the roof shall rise at an angle of not more than 45 degrees.

(3) In the case of a flat roof, a parapet of not more than three feet in height may be erected above the maximum height specified in sub-rule (1).

Height of buildings with reference to width of streets. 18. Subject to the maximum permitted by rule 17 and the exceptions specified below, the height to which a building may be erected or added shall be regulated by the width of the street in which it stands, in accordance with the following rules, namely:

(1) If the width of the street does not exceed twenty feet, the building shall not be erected or added to a height greater than one and half times the width of the street.

(2) If the width of the street exceeds 20 feet but does not exceed 40 feet, the building shall not be erected or added to a height greater than 40 feet.

(3) If the width of the street exceeds 40 feet, the building shall not be erected or added to a height greater than the width of such street.

(4) Where the building abuts upon more than one street, its height shall be regulated by the width of the wider of such streets so far as it abuts upon such wider street and also to a distance of 50 feet from such wider street so far as it abuts upon the narrower of such streets.

Exception. (1)—The Commissioner shall have power to allow an increase in the heights mentioned in this rule to the extent of not more than two feet.

Exception (2).—If the face of the building is set back from the street at any height not exceeding the height specified in sub-rule (1), (2) or (3), so the case may be, such building may be erected or added to a height greater than that specified, but not so that any portion of the building shall encroach any of a series of imaginary straight lines drawn from the line of set back in the direction of the street at back at an angle of 45 degrees with the horizontal.

19. Notwithstanding anything contained in rules 17 and 18, any house which has been demolished may, within a period of three years from the date of its demolition, be re-erected to a height not exceeding its original height.

Roof and structure of pitched roofs. 20. Every room in a domestic building which is intended for human habitation

(a) shall be in every part not less than nine feet in height, measured from the floor to the underside of the beam on which the roof rests;

(b) shall have a clear or partial area of not less than eighty square feet;

(c) shall be provided, for purposes of ventilation, with doors or windows opening directly into the external air or into a verandah.

Open spaces. 21. (a) Every domestic building shall be so constructed that every living room therein shall have at least one side abutting for a length of not less than eight feet on an open space either external or internal. Such open space shall ordinarily be not less than six feet in width.

A building shall not be held to contravene this rule, if on one side of a room there is an interval or general verandah which in turn abuts for not less than half its length on such open space.

Every open space, external or internal, regulated by this rule shall be, and be kept, free from any obstruction and open to the sky.

(b) The side of every such room abutting on an external or internal open space on an external or internal verandah shall have at least one fifth of the area of the side or three square feet, whichever is greater, of its area occupied by doors, windows or verandahs.

Interference with ventilation. 22. In the case of a domestic building which had been constructed before these rules came into force and for the alteration, addition or reconstruction of which application in writing under rule 17 (c) shall not apply unless in the opinion of the Standing Committee the nature of ventilation was insufficient.

Definitions.

"Domestic building" means a dwelling house or an office building or other use building appurtenant to a dwelling house whether situated directly or not or shop or any building not being a public building or a building of the warehouse class.

"Dwelling house" means a building used or constructed or adapted to be used wholly or principally for human habitation.

23. In every domestic building constructed or adapted to be occupied in this the principal common staircase shall be adequately ventilated upon every story.

Roofing and building over verandahs and other open spaces. 24. (1) Every interior verandah shall be raised at least six feet above the level of the street at the street front, or as in the case of deep buildings into the street.

(2) Notwithstanding anything contained in rule 18 the Commissioner may permit for periods not exceeding three months at a time the construction of temporary verandahs or summer pavilions over such interior verandahs or open spaces provided that such temporary constructions are so designed as not to interfere with proper ventilation.

PART IV.—APPLICATIONS FOR APPROVAL OF SITES FOR AND FOR PERMISSION TO CONSTRUCT OR RECONSTRUCT BUILDINGS OTHER THAN SHOPS.

22. (1) Every application for approval of a site for a building must be written on a printed form (to be supplied by the Commissioner free of charge) and must state the position of the site, the number assigned to it in the assessment book, its dimensions, and such other particulars as may be required by the Standing Committee.

Form of application.

(2) The site plan sent with such an application shall be drawn to a scale of not less than one-fiftieth of an inch to a foot shall be sent in duplicate, and shall show—

- (a) the boundaries of the site;
- (b) the position of the site in relation to neighbouring streets;
- (c) the nature of the street in which the building is proposed to be situated;
- (d) the position of the building, and of all other building (if any) which the applicant intends to erect upon his contiguous land referred to in clause (a), in relation to (i) the boundaries of the site, (ii) all adjacent streets, buildings and premises within a distance of twenty feet of the site and of the contiguous land (if any) which the applicant intends to erect upon his contiguous land referred to in clause (a);
- (e) the position and approximate height of all other buildings within 40 feet of the site;
- (f) the position and dimensions of proposed roads, drains, sewages, streets, alleys, paths, and new houses, walls and other improvements of the building;
- (g) free passage or way in front of the building;
- (h) space to be left about the building to ensure a free circulation of air, admission of light, and access for emergency purposes;
- (i) the width of the street (if any) in front, and of the street (if any) at the rear, of the building; and

(k) such other particulars as may be required by the Standing Committee.

23. (1) Every application for permission to construct or reconstruct a building must be written on a printed form to be supplied by the Commissioner free of charge; and must state the description of the building, its dimensions, and such other particulars as may be required by the Standing Committee.

Form of application for permission to construct buildings.

(2) The plan of the building and the elevations and sections accompanying such an application must be drawn and accurately drawn to a scale of not less than one-eightieth of an inch to a foot, and must be sent in duplicate to the said plan must show—

- (a) the site and width of the foundation;
- (b) the level of the lowest floor of the building; and
- (c) the level of all courtyard and open spaces in the building or premises and the plinth level of building with reference to the level at the centre of the nearest street.

(3) If the construction or reconstruction of any building or structure or the temporary or permanent extension or alteration thereto will render an aerial electric supply line unsafe from such building or structure, the application for such construction or reconstruction, addition shall show such lines both in the plan and sections of the building or structure at the site may be.

(4) The application accompanying such an application must comprise full information as to the following particulars, namely,—

- (i) the materials and method of construction to be used for external walls, party-walls, foundations, roofs, floors, passages and chimneys;
- (ii) the manner in which roof and house drainage and the surface drainage of land will be disposed of;
- (iii) the manner, if any, in which it is proposed to open the courtyard and open spaces in the building or premises and the steps to which the surface is to be made in such case;
- (iv) the means of access that will be available to emergency to get to service-privies;
- (v) if the building is intended to be used a dwelling house for ten or more dwellers or as a place for carrying on any trade or business in which more than twenty people may be employed, or as a place of public resort, the means of ingress and egress; and
- (vi) such other particulars as may be required by the Standing Committee.

(2) Within thirty days from the date of receipt of an application and/or section 23a of the Madras City Municipal Act, 1915, the approval of a site the Commissioner may require the applicant—

(a) to furnish him with any information on matters referred to in these rules which has not already been given in the documents received thereunder; or

(b) to satisfy him that there are no objections which may lawfully be taken to the approval of the site.

- (4) Within thirty days from the date of receipt of an application under section 224 for permission to execute work, the Commissioner may require the applicant—
- (a) to furnish him with any information matters referred to in these rules which has not already been given in the documents received thereunder, or with any document required by this section which has not been sent in; or
- (b) to satisfy him that there are no objections which may lawfully be taken to the grant of permission to execute the work.
- (5) If any information or documents required under sub-rule (2) or sub-rule (3) is or are, in the opinion of the Commissioner, incomplete or defective, he may, within thirty days from the date of receipt of the same, require further information or documents to be furnished.
- (6) If any requirements made under sub-rule (2) or sub-rule (3) or sub-rule (4) is not complied with within three months, the application received under section 224 of the Act shall be refused.
- 29 (1) When the Commissioner has approved any site plan or given permission to execute any work, he shall sign such site plan or the approved plans of the work as the case may be.
- (2) One copy of the duplicate site plan and one copy of the duplicate building plan referred to in rules 25(4) and 26(1), respectively, signed by the Commissioner is to accompany with clause (1) above shall be kept at the site of the building at all times when building operations are in progress, and such plans shall be available to all such persons for the inspection of the Commissioner or of any Officer authorized by him in that behalf.
30. The Commissioner may make one copy of the site plan or the plan of the building as the case may be.
31. The applicant may, at any time, send to the Commissioner a fresh application and fresh or amended documents under section 224 of the Act with the object of meeting the objections for which such approval or permission was refused.

PART V.—HEAVY GENERAL.

32. Except with the permission of the Commissioner no portion of a hat shall be placed within six feet of a masonry or wooden building.
- Provided that this rule shall not preclude the construction of hats in compounds in any town where masonry or wooden out-offices would be permissible.
33. No hat shall be of more than one story or shall exceed twelve feet in height, measured from the top of the plinth to the junction of the eaves and wall.
34. The plinth of a hat shall be raised at least one foot above the level of the centre of the nearest street or passage.

PART VI.—HATS OR LOTS COVERED BY AN OFF SHED FOR THE CONSTRUCTION OF THE SAME

35. Hats shall be built on continuous lines, in accordance with an alignment to be determined by the Commissioner and described on the ground.
36. Where an alignment determined under rule 35 does not correspond with the alignment of a street, a passage or a lane twelve feet, measured from side to side, shall be left between the rows of hats abutting on the first mentioned alignment.
37. All passages referred to in rule 36 shall remain private property, subject to a right in the Commissioner to send carts along them or otherwise make use of them for any of the purposes of this Act.
38. Notwithstanding anything contained in rule 36, hats may, with the special sanction of the Commissioner, be built as to form on open wasteland, comprising at least one-fourth of the whole area occupied by the hats and outbuildings.
39. There must be between all hats, except in the case of hats referred to in rule 38 a space of at least three feet, measured from side to side.

PART VII.—APPLICATIONS FOR PERMISSION TO CONSTRUCT OR RECONSTRUCT HATS.

- 40 (1) Every application for permission to construct or reconstruct a hat shall be written on a printed form to be supplied by the Commissioner free of charge.
- (2) If it is intended to use the hat or part thereof for any of the purposes specified in Schedule VI, or as a stable, matted-shed or cow-house, the fact shall be expressly stated in the said application.
- (3) The site plan sent with such an application shall show the hat, the nature of access thereto from the street and such other particulars as may be required by the Standing Committee.
- 41 (1) The Commissioner may require the applicant—
- (a) to furnish him with any information which has not already been given or if the site plan that accompanied the application is defective, with a proper site plan, or
- (b) to satisfy him that there are no objections which may lawfully be taken to the grant of permission to execute the work.
- (2) If any information or plan required under sub-rule (1) is, in the opinion of the Commissioner, incomplete or defective, he may require further information or a fresh plan to be furnished.
- (3) If any application made under sub-rule (1) of sub-rule (2) is not complied within one month, the application received under section 224 of the Act shall be refused.

PART VIII.—RECONSTRUCTION OF HATS BY ALTERATIONS OF, AND ADDITIONS TO, BUILDINGS.

42. Rule 35 in 22 or rule 40 and 41, as the case may be, shall not be applied in the case of any alterations of, or additions to, a building unless one or more of the following works is or are undertaken, namely—
- (a) the construction of a roof or an external or party wall;
- (b) any repairs to the building which involve the reconstruction of a loft-shaft or a chimney after the same has been entirely or in great part demolished;
- (c) any other alterations of the internal arrangement of a building which effect its drainage, or stability;
- (d) the addition of any building, room, out-house or other structure.

Municipal Councils and Presidents of Local Boards in the invoices advising the supply. While sending the bills for the supply, the company send these invoices to this office together with detailed statements showing the forms supplied and their cost separately for each local body. The bills together with the detailed statements and invoices are checked in this office and the amount due to the firm is paid in the first invoices from general revenues by debit to "Advances Receivable, Civil Advances, Printed forms supplied to Local Bodies". The detailed statements are then forwarded to the local bodies through the Treasury Deputy Collectors concerned for repayment of the amounts to the credit of the head mentioned above.

2. The form of indent does not show the cost of the several forms and the local bodies are not in a position to know the cost at the time they prepare their indents. They frequently indent for forms much in excess of their requirements and subsequently, when they are asked to remit the cost of the forms supplied, delay the payment, and it was noticed in some cases that they had not sufficient funds to pay. The result is that there is a large amount outstanding under "Advances Recoverable" pending recovery from various local bodies. Much difficulty is experienced in adjusting the amounts paid by local bodies, owing to insufficient data as regards the credits, necessitating a good deal of correspondence.

3. To place matters on a satisfactory footing, it is proposed to change the existing procedure by a system which will involve pre-payment of cost by local bodies, instead of post-payment as at present. The indent will be revised to show the cost of each form, so that local bodies may work out the cost of the forms they are indenting for. The total cost should be remitted into the treasury before sending the indent forward, and the chalan granted by the treasury attached to the indent, in support of the remittance. The credit will be verified in this office, and the indent then forwarded to the Central Press for compliance. As the form of indent is supplied by the firm free of cost to local bodies, they should be required to send all their indents—the main indents as well as supplemental ones—in the printed form, as it will ensure clearness and accuracy. After supplying the forms, the press should send their bills together with the acknowledged invoices and the original indents to this office, and they will be paid after verification with the credits into the treasury by the local bodies. A specimen of the form prepared together with the existing forms* (Local Fund and Municipal) is attached. As it very often happens that the cost of forms remitted by local bodies are credited by sub-treasury officers to some wrong head of account, a form of remittance chalan with the credit head of account printed on it will be provided in the form of indent, so as to prevent errors in classification by the treasury. Under this arrangement, it is not necessary that Presidents of District Boards should consolidate the indents for the whole district, a procedure which causes much delay without corresponding advantage.

But each President, District Board, will be responsible to call for, and submit all the indents from the Presidents of Taluk Boards and Presidents of Union Boards to his district to this office in one batch. The Presidents of District Boards should also see that each indent has been prepaid as will be evidenced by the chalan attached to it. If the chalan is wanting, he should obtain it and attach it to the indent before sending it to this office.

4. The procedure outlined above has the following points in its favour:—

(a) The local bodies will know their liability in regard to each indent, and thus, coupled with the fact that they have to prepay, will force them to limit their indent to absolute requirements and will thus promote economy.

(b) A good deal of unnecessary correspondence, regarding the adjustment of the cost of forms between this office, the treasuries and the local bodies will be avoided.

(c) There will be no Government money outstanding, pending recovery for long periods.

(d) Possible overpayments to the press will be avoided, as payments will be made only to the extent of the amounts credited.

5. The pre-payment of cost should not cause inconvenience to local bodies. They should be glad to know their liabilities and pay them, instead of getting the forms on credit without knowing their value and being made to pay for them subsequently without any option.

* Today values of Government, the Special Funds Contribution have not included from the list of subjects for the session due to be held in December 2014

2. Candidates in all the subjects must bring with them, for use in the examination their own pens and pencils.

3. Attention is drawn to the following rules :—

(5) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(4) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time laid for the commencement for the examination, and candidates quitting after the expiration of that half hour will not be admitted.

(c) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer sheet.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the team, and the circumstances reported to the Commission.

(5) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination, or is reported of having had recourse to malpractice of any kind in books to base his examination is withdrawn, and also to be debarred from appearing again for any of the examinations under the control of the Commissioner. For each term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of any candidate, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any case or stage of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) No candidate will, in any manner, be allowed to take into the examination room date, index, manuscript or papers of any kind. (The use of books will, however, be allowed in answering the papers in the Ancient, Civil Judicial, Criminal Judicial, Revenue and Jail Tests.) Any one detected in the violation of this rule, or having recourse to any unfair practice, will be removed from the room, and the answerers reported to the Commissioner.

(7) No candidate will be allowed to give books to or take books from another candidate during the hours of examination.

(8) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the contents of their names is due to no fault of theirs.

(9) Candidates desiring to change their place of examination, without previous permission, or appearing at any other place than the one at which they ought to have appeared, according to the notice published in the Gazette, must not expect to have their papers valued or their marks published. In all cases where permission has been granted, the Superintendent or letter permitting the change should be produced for the satisfaction of the Superintendents.

(10) Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendents of the examination.

(11) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer paper. Any candidate wishing to ask any question of the Superintendent will present the same orally, but will not be allowed to leave his place.

(12) Any papers sent up without the candidate's name and number affixed will not be valued.

(13) Candidates will not be allowed to take any papers, except their question paper, out of the examination room.

(14) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All spoils, etc., should be left on the desk when the candidate has been writing.

I. NOTES REARRANGED FOR USE OF BOOKS IN THE EXAMINATION HALL.

Ancient, Jail and Revenue Tests and Civil and Criminal Judicial Tests.

Candidates should bring their own books with them for the purpose of answering the question papers in the tests in the case of which the use of books is allowed. No candidate will be allowed to give books or to take books from another candidate during the hours of examination.

The use of books will be allowed in answering the papers in the Ancient Test, the Civil Judicial Test, the Criminal Judicial Test, the Revenue Test and the Jail Test as mentioned in the Schedule.

In the case of the Revenue Test, the following books, as issued by the Superintendent, Government Press, may be used by candidates in the examination hall:—

- | | |
|----------------------------------|---------------------------|
| (1) Beed's Standing Orders. | (4) Survey Manual. |
| (2) Revenue Regulations and Act. | (5) Forest Manual, and |
| (3) Village and Taluk Manuals. | (6) Census Office Manual. |

Candidates will be allowed to use the Beed's Standing Orders in answering the paper on the Manuals of Village and Taluk Accounts and revenue.

In the case of the Civil Judicial Test and the Criminal Judicial Test, the books need not necessarily be Government publications.

The use of a publication containing an index will not be objected to.

In answering the paper on Medical Jurisprudence (Criminal Judicial Test) candidates will be expected to use Griffiths and Huber's "Principles of Medical Jurisprudence for India," 4th edition.

Notes.—(1) The use of books containing memoranda will not be permitted, but notes made by candidates in their books will not be objected to, if they consist merely of corrections, amendments or generally any references made for the purpose of facilitating study.

(2) The use of guides, digest, summaries, abstracts, etc., will not be allowed.

II. NOTES TO CANDIDATES.

Candidates who have applied to be examined at Madras are informed that they will have to sit for the examination at the Senate House, Chepauk. A copy of the annual list will be posted at the entrance to the Senate House on Friday the 1st December 1924 and the candidates are expected to learn their register numbers from this list. No hall tickets will be issued.

Office of the Commr. for Govt. Examinations,
Madras, 25th November 1924.

GOVERNMENT TECHNICAL EXAMINATIONS, KARAKKAL.

Notice is hereby given that the Written test in connection with the next Government Technical Examinations in Hygiene and Animal Physiology, both of the Higher grade, will be held on the 1st and 2nd January 1925 respectively, the Oral and Practical tests being conducted about immediately after this date in accordance with a notice that will be published in due course in Part I.B of the Fort St. George Gazette.

3 The Written, Oral and Practical examinations will be held only at Madras. No notice will be taken of the application of any candidate who chooses to write other than Madras.

3. In the case of applicants from pupils, the head of the Institution from which they were sent is requested to say, before signing the certificate at the foot of each application, that the candidate has been inspected by the Director of Public Instruction, Madras, and fitted to impart instruction in Hygiene and Animal Physiology according to the Higher grade.

N.B.—Candidates complained for *General Education* only should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for the Technical examinations.

4. Candidates must send in their applications made out in English in printed form so that they reach the Commissioner's office on or before the 30th November, after which date no applications will be received. Only one form of application should be used by each candidate, although he may bring up both the applicants.

5. Candidates in the medical should obtain the required application forms from the Secretary of the School at which they are resident or of the District to which they belong. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Wangianbawm, and send to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the medical requesting to be supplied with application forms from this office.

6. The following is the fee to be paid by candidates for admission to the examinations:—

For each subject according to the Higher grade 22

7. The prescribed fee must be paid in every case into the Government Treasury on, or before the 30th November, and the receipt given by the Treasury Officer as the Imperial Bank of India attached to the application. Care should be taken to see that the fee is remitted sufficiently early so that the fee receipt obtained may be attached to the applications which must reach the Commissioner's office on or before the 30th November. On no account will the fee be remitted to the Commissioner's office after and in such or by Post Office order.

Note.—All cheques, in the case of all pupils, the fee should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India together with two fifts of the receipt, one of which will be retained by the bank and the other signed and returned to the Headmaster. This latter should be forwarded to this office along with the application of the candidate. The necessary forms for this purpose will be supplied by this office to headmasters in application.

8. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed to deliver, the receipt for the fee paid being securely fastened to it.—

[Application for admission to the Government Technical Examinations.]

To the Secretary to the Commissioner for Government Examinations,
Colonial P. O. (Madras).

N.B.—Candidates anxious to secure themselves that their applications have been received should require an address post-paid and their respective applications. The postman should bear the student's address only and no other writing. Such post-pays will be returned to them in due season with the "received" stamp of the office concerned upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, and will *not* be taken of any letter from any candidate inquiring whether his application has been received. *Indefinitely changed covers will be rejected.*

9. Candidates should write their names, their father's names and their home names distinctly and in full in their applications and give their addresses in full also; if "Other Indian" they should state in column 1 of their application whether they are "San-Brahmins, some Hindus," "Ahi-Brahmins" or "Ahi-Aryas." Applications defective in any particular will be returned.

N.B.—The acquisition or profession of candidates, or the applications held by them, should invariably be stated in full on column 2 of their applications.

10. The fee paid will, in no case whatever, be refunded, nor will it be returned for a subsequent examination. Neither will any money for that may have been inadvertently paid be returned. Candidates are accordingly warned to study the regulations carefully and satisfy themselves, before sending their fee, that they fulfil the prescribed conditions of admission to the examinations.

11. Subject to any change that it may be necessary or convenient to make in the arrangements the Written examination will be conducted in the order of time and subjects shown in the following table:—

| Date. | Time. | Subjects. |
|-------------------------|--------------------|------------------------------|
| 20th | | |
| Wednesday, 19th January | 10 a.m. to 12 p.m. | Hygiene—Higher—First paper. |
| | 2 p.m. to 4 p.m. | Hygiene—Higher—Second paper. |
| Thursday, 20th January | 10 a.m. to 12 p.m. | Animal Physiology—Higher. |

12. For any further information that may be required, applicants are referred to the Government application regarding the examinations and to the application for the syllabus, copies of both of which may be had on payment at the Government Branch Press, Market Road, Madras. No copies either of the syllabus or of the certification can be furnished to candidates from the Commissioner's office.

13. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the Examinations or is suspected of having had recourse to subversion of any kind is liable to have his candidature cancelled and also to be debarred from appearing again for any of the examinations while the control of the Government for each term of years at the Government may direct. If, or if the Commissioner is not satisfied for any cause whatever as to the trustworthiness of his pupils, he may be required to undergo a re-examination of any persons due to be held by the Commissioner in any one or more of the subjects of the examination for which he appears, his names or places being determined on the results of such re-examinations.

GOVERNMENT TECHNICAL EXAMINATION, DECEMBER 1924.

3. Candidates sit at the subjects next being with them for use in the examination. Their own pens and pencils. Candidates are also informed that they should bring with them in the examination room the set squares, drawing compasses and scales used by them in the class room.

4. Candidates are informed that a copy of the syllabus list will be posted at the entrance to the examination hall on Saturday, the 14th December 1924, and that they will be expected to learn these general matters from this list.

5. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half-hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without fairly giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstances reported to the Commissioner.

(5) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to negotiation of any kind, or fails to have his examination conducted and also to be detected from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the conduct of any of his candidates, he may be required to undergo re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his errors or failures being determined as the result of such re-examination.

(6) No candidate will, on any account, be allowed to take into the examination room ink, steel, lead, ruled sheets, manuscript, or papers of any kind. Any one detected in the violation of this rule on having recourse to any unfair practices, will be removed from the room and the circumstances reported to the Commissioner. Candidates will, however, be allowed the use of mathematical instruments for drawing figures or ruling lines.

(7) Candidates whose names are not in the printed list furnished to the Superintendent must submit a written declaration through the Superintendent giving full particulars in regard to themselves including their address and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The names and signatures of such candidates will not be valued unless it is clear that the omission of their names is due to the fault of others.

(8) Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examination.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate waiting to sit any question of the Superintendent will pass the same course, but will, on account, leave his place.

(10) Any answer paper sent up without the candidate's name and number affixed will not be valued. The answer papers and drawings should be stitched or pinned together at the upper-left hand corner, and the whole folded in two lengthwise (not transverse into four). The plan of examination and the names and number should be written out clearly by the candidate on the top right hand side of the first page of the answer paper as well as on the top of the paper after it is folded.

(11) Candidates will not be allowed to take any paper, except their question papers, out of the examination room.

(12) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All spill papers, etc., should be left on the desk when the candidate has been writing.

(13) Candidates are forbidden to write down the answer to any question on the question paper itself.

Madras News, 28th November 1924.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1925

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the hour fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are admitted suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names in any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out, and no candidate who leaves the room during the period allotted for a paper will be allowed to re-enter within that period.

6. Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so, their answers will not be valued, and their conduct will be reported to the authorities for disciplinary action.

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, or slate, manuscript, or paper of any description, from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar. The use of slates at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Candidates' Mathematical and Physical Tables will be supplied to candidates in groups (I) and (II) of the Intermediate, B.A., B.Sc. (Ag.) and B.Sc. Degree examinations.

9. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, not any kind of ink while answering their question papers.

10. Particular attention is requested in the instructions, regarding rough working and loose sheets of paper placed at the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

11. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period provided for each particular part of the examination, they should stand up, give up their place and return standing until one of the superintendents has given up to him and has received his answer book from him.

12. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the Fort St. George Gazette—Barnes or Index, however, will be communicated by telegram, if desired.

The hall tickets of candidates who apply for the examinations at Madras will be ready for distribution at the Senate House five days before the date of each examination. Candidates sitting for the examinations at centres other than Madras should apply to the Chief Superintendent of the respective centre for their hall tickets.

No College Student will be allowed to select a centre for his examination other than that in which the College he studies is situated, except for satisfactory reasons and on the recommendation of the Principal of his College.

Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity.

The Examination for the several examinations are as follow:—

The Standard Barometer and Thermometers are used at 8 a.m., 10 a.m., 4 p.m., and 8 p.m., and the daily mean are obtained by the application of hourly corrections, deduced from twenty years' observations. The centre of the Barometer is twenty-five feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather are noted for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 26.77 inches, the average due for the season being 40.55 inches.

CULTIVATION STATEMENT—APRIL TO SEPTEMBER 1924.

[On an average of the five years ending 1923-24, the area sown from April to September represents 51 per cent of the cultivation on dry lands and 31 per cent on wet lands.]

General statement.—The monsoon slackened on the West Coast after the first week but rains were again renewed towards the end of the month. The Coomra had more rain throughout the month. In the rest of the Presidency the rainfall was general in the second fortnight and heavy in the last week. These rains brought partial supplies to lands in the Deccan, Coomra, and Central Deccan, stimulated cultivation, and benefited standing crops.

Irrigation water was generally sufficient in most districts. But supplies were inadequate in many tracts in Chitaval, in the non-irrigated area of N. Malwa, and in Bharuch. In Tanjavur, there was little or no water in rivers owing to the sitting up of the Gound. Almost all the breaches caused by the Jay lands.

The wet areas in the month exceeded the average and last year by more than 25 per cent. The area irrigated was on dry lands in Coimbatore, Chitaval, and the Deccan and on wet lands in Chitaval, Tanjavur, Coimbatore, and the Coomra.

The transplanting or sowing of paddy was fairly general in the month outside the South and West Coast. Chaulm, kharagru, groundnuts, and cotton were sown in parts of the Deccan and Central districts. Other crops sown were shalim in Bolarum, Kaira, Solapur, and Madras, ragi in parts of Ahmednagar, the Central districts, and Madras, khar in Coimbatore and the Deccan, groundnut in South Arcot, and cotton in Kistna and Baroda.

2. *April to September—Average.*—(a) *Dry lands.*—The area was 20 per cent more than the average and 25 per cent more than last year. The greatest increase was in the Deccan and Central districts.

(b) *Wet lands.*—The area exceeded the average by 3 per cent and last year by 14 per cent. The only increases were in the Coomra and Coimbatore but there were reductions in Trichangopoly, Tanjavur, and South Kanara where submergence had been effected by the floods in May.

3. *Figures by districts are given in the statement appended.*

Prices in retail prices for September 1924.—There was a fall in the retail prices of dry grains in September 1924 in George Town, Victoria, and Sydney owing to the favourable rainfall. There was a further slight rise in the prices of beans in the western districts owing to the heavy rain in the South of England.

The price of wheat was slightly in most districts. It rose by about five per cent in Chongchay, and South Korea.

The price of chestnuts fell by about five per cent in Sydney and rose by the same amount in Victoria. The price of chestnuts fell by 20 per cent in Victoria, 12 per cent in George Town, and was 10 per cent in South Korea, North Korea, and Chongchay, but rose by 10 per cent in Korea and 10 per cent in Korea. The price of rice fell by about five per cent in George Town, Victoria, and Chongchay, and 10 per cent in Korea.

S. S. Hange in the market was generally higher than in September 1923. The rice price was 20 per cent and above in the case of rice in Chongchay, South Korea, the Central districts, Victoria, and Korea. The price of wheat, rice, and chestnuts in the South Korea, Chongchay, Victoria, and Korea.

Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information :—

BILL No. 30 OF 1924

A Bill to amend all Acts as to the validity of the Madras Survey and Boundaries Act, 1923.

WHEREAS it appears that the Madras Survey and Boundaries Act, 1923, as amended by the Governor on the 21st day of February 1924, and by the Governor-General on the 12th day of March 1924 and as published in the Fort St. George Gazette on the 29th day of May

1923 contained the words 'order regarding' in sub-section (2) of section 11 of the said Act instead of the words 'map regarding' which occurred in the said subsection as passed by the local Legislative Council;

AND whereas doubts have arisen as to the validity of the said Act and of things done under the same;

AND whereas it is expedient to remove all such doubts; It is hereby enacted as follows:—

1. This Act may be called the Madras Survey and Boundaries Act, 1923 (Validation) Act, 1924.

2. In this Act, "the Madras Survey and Boundaries Act, 1923" shall mean what was published under that title at pages 131 to 135 in Part IV of the *Fort St. George Gazette*, dated the 29th day of May 1923.

3. The provisions contained in the Madras Survey and Boundaries Act, 1923, are hereby enacted with the substitution of the words "A copy of the order and a copy of the map regarding the boundaries as determined under section 9, 10 or 11 (1) shall be furnished to any person interested in such order or map" for the words "A copy of the order under section 10 or 11 (1) and a copy of the order regarding the boundaries as determined under section 9, 10 or 11 (1) shall be furnished to any person interested in such order" occurring in sub-section (2) of section 11 of the Madras Survey and Boundaries Act, 1923.

And the said provisions with the said substitution shall be deemed to have been in force with effect from the 29th day of May 1923.

STATEMENT OF OBJECTS AND REASONS

The wording of sub-section (2) of section 11 of the Madras Survey and Boundaries Act, VIII of 1923, as enacted by the Governor and the Governor-General differs from the wording as passed by the Legislative Council. The Legislative Council passed the Bill with the words "section 9, 10 or 11 (1) and a copy of the map regarding the boundaries" in sub-section (2) of section 11. But the Governor and the Governor-General assented to the Act with the words "section 10 or 11 (1) and a copy of the order regarding the boundaries" instead. This was due to clerical mistakes. To rectify this mistake it is proposed to introduce a fresh Bill declaring that the words should stand as the Act as passed by the Legislative Council. The opportunity is taken to improve upon the wording as a matter of drafting.
